" House of all kinds of Machines"

The Company was established in 1981 and since last 42 years we have developed over 30 types of Agro and Food Processing equipment all available under one roof. We have been exporting machines to various African / Asain countries since 1984. Most of the machines are approved under subsidy scheme by Department. of Agriculture / Horticulture Govt. of Karnataka / Maharastra.

We not only sell the machines but also give full guidance and training to the new entrepreneurs to make them successful. Machinery installation, spares and after sales servicing available on reasonable rates. All our products are fully guaranteed against any manufacturing defects. Our sincere advice " never buy light weight and cheap model". always insist on Heavy duty ***Original Star*** *Models as quality will pay in long time.*
